

5. Amazing Grace

This is, obviously, usually played in G, but I've transposed it to A-flat so you can transpose it to D. A-flat has 4 flats, ↓ B-flat, E-flat, A-flat, D-flat. **Do not play this in G. You probably already know it in G. Use this sheet to play it in D.**

Pretend that each of these is down **two** open spaces, as if everything got shifted up accidentally.

NO CHEATING PLAYING IT BY MEMORY!
